Here are a couple of papers that I have. Due to its file size, I'll also send (in my next email) one of the primary dissertations written on ORM2.

I've got a call into my major professor from my PhD, to see if he can send me a copy of the primary paper that Elizabeth's lab recently published on ORM2 (I don't have a subscription to the journal, nor is it one I can access through my professional memberships). I'll pass it along once I get my hands on it.

I haven't heard back from Sandra yet, but I will keep you all posted.

E

Eleanor & Karla – are there any research papers available that describe the anaerobic benzene culture SiREM is testing? Are we still looking at this Friday to talk with them? Thanks Eva

*To dial to BT from Lebanon you need to go through a two step dialing process:

a- Dial 01-426801 then wait for an AT&T prompt

b- Then dial 1 877 652 9123

c- Then dial your BT conference code

Conferencing Tip – Hitting your phone's hold button during a BT conference call will play hold music, interrupting the presenter. If you need to take another call, disconnect from the conference call and then rejoin to avoid disrupting a meeting in progress.
